Great Response

Juice's Christmas CD "The Gift of Christmas" received many rave reviews from JNFC members. How wonderful it was to hear Juice sing some classic songs along with new songs that she and Otha Young and Andre Mayeux had written specifically for the CD.

This CD is still available at www.cdbaby.com. I will feature a special review segment in the next Holiday Newsletter, so send in your reviews!!

Wow--Juice Newton! Grammy-winning (for Best Country Vocal Performance, Female, in 1982) Newton has long walked the line between country and pop/rock music. On **The Gift of Christmas**, the artist delivers progressive country with a rockin' edge, and it's a kick.

I'm juiced up for **The Gift of Christmas** this holiday season. Juice Newton has packaged a warmly polished offering that should have crossover appeal for both contemporary country and pop audiences.

Never Out Of Style....

Juice Newton known for her impact on the pop, as well as the country music scene, exhibits diversity in her music as well as her stage show. Juice keeps her performances varied with the energy of her top-notch touring band, and the intimacy of an acoustic setting. Otha Young, Juice's longtime musical partner and songwriter, said, "With the band we have now can give the audience the full spectrum of Juice's music."

That spectrum is wide but identifiable. Juice Newton, through her pop and country hits, her distinctive voice and entertaining performance skills, continues to captivate audiences from teens to grandparents, from the city to the country. As a music critic stated, "Newton remains one of the most riveting performers in music, rocking on stage and playing each emotion for what it's worth. And it's worth a lot."

Thanks Everybody!!

Thanks for the wonderful comments and compliments many of you sent in to the JNFC. I cannot tell you how much they are appreciated.

I had mentioned this in the Holiday Newsletter, but the new members would not have known this. This is my official 10th year as President of the Juice Newton Fan Club.

Being a huge fan of Juice's music these many years, I never thought I would be operating the fan club and keeping everyone up to date on the latest with Juice.

Seeing one's luck requires reflection. The JNFC is lucky to have all of you!! As I have told you before, Juice loves and appreciates her fans. However, so do I!!

The Juice Newton Fan Club thrives on every single person who even writes in about a song, a band member or of course wants to become a member. Juice and Otha and the band along with me are the ones who are fortunate.

This year I have bigger plans for the JNFC and I am currently working on website enhancements and entertainment. As these enhancements materialize, I will be sure to inform everyone so that they may enjoy them.

Once again, thank you all for making these 10 years not only enjoyable but fulfilling. Before I close out this newsletter, I want to say thank you to a couple of people...

Juice Newton and Otha Young have been more than supportive and helpful as far as the JNFC and I am concerned. I sincerely appreciate the input, experience and knowledge on the many various items we have worked on. Thank you Otha and Juice! Thank you for the past 10 years I appreciate it!!

Until next time, take care and have a wonderful Spring!!

Paul, Juice and Otha
