

juicewtonmusic.com

Hi Everyone,

We have enjoyed a fabulous summer meeting fans and welcoming new members in person along with Juice! I view it an honor and privilege to meet so many people who admire and enjoy Juice and her fabulous band!!

This edition of the newsletter will feature some recent concert information and a special salute to Juice from a new JNM Member and a long-time member.

CD's On Sale

Many of you have written in asking if Juice's Christmas CD, "The Gift of Christmas" is still available. Yes, it is!! You may purchase it from www.cdbaby.com. The JNFC does not have purchasing capabilities. I will look into this since we receive many such requests.

Still available as well is "American Girl Vol. 2!" This CD is available at www.cdbaby.com. Logon on today and purchase both CD's for yourself or as a gift!

YouTube Juice!!

Many of Juice's videos and various television appearances are on www.youtube.com. New videos have been added to the listing. Check it out!!

Juice at Perris Rods & Rails Extravaganza!

Juice was the premiere entertainment in Perris, California at the 9th Annual Hot Rod Extravaganza and she performed in two shows.

This event featured cars and motorcycles new and old and restored or sipped up. Trophies were awarded for various categories.

All of this took place at the Train Museum Grounds. There were box cars and engines from years gone by to read about and look into but most of all enjoy.

After the performance, Juice signed autographs and new JNFC members joined. One new member sent in an email to JNFC President Paul Fowler while he was still at the show. Here is what she had to say about Juice...

"Juice Has It All"

“As a devoted fan of Juice Newton, it's so easy to give her all the accolades she so rightfully deserves.

From the time I first heard her sing, "Break It To Me Gently" on my car radio one morning, she won me over. She had previous hits and many after that I loved, but that one made me a life-long fan. I always loved Brenda Lee's version of the song, but Juice's rendition just "blew my socks off!"

“What makes Juice Newton such an enduring singer and performer is her appeal to all ages and her ability to cross over (rock, pop, to country). This attracts her to lovers of several genres of music. And her singing voice is just as strong, clear, and pure as it was circa 1978 when she was just getting started in the music world. Just listen to her belt out "Hurt" sometime, and I'm sure you'll concur! That one gives me chills!”

And last, but certainly not least, Juice's great energy on stage and keen sense of humor always makes her performances an extra special treat! She relates to an audience like the pro that she is, delighting us all with her extraordinary talents! See you at your next concert, Juice!”

Debbie Rozicki

Wow! What a fabulous compliment to Juice! Thanks Debbie!! I had the privilege of meeting Debbie at the Perris concert and she is a woman who means what she says.

Now let's hear from another devoted fan of Juice's for many years and long time JNFC Member Shawn Gillogly.

"The most important thing to me regarding being a Juice fan is the voice behind the music! I love Juice's voice and the way she uses it to sing whatever song she happens to be singing at that time.

I have fond memories of my very first Juice Newton concert. It was in late 1981 and was at a place called Sherwood Hall in Salinas, CA. The concert hall was packed full of Juice fans. Juice's amazing voice and her outstanding band gave a great concert and I've been a huge fan ever since.

Living in California, particularly in the 1980s, gave me many opportunities to see Juice perform. Today, I have honestly lost count of the number of concerts I have attended. My best guess is somewhere around 30 shows! I was even in L.A. at the taping of her DVD in 2001 and met several other fans at the show.

What took me back time and time again is Juice's amazing voice and the way she uses it to interpret the songs. Regardless of how many times I've heard her sing "Angel of The Morning," it's always a bit different each time. Over the years, I've also enjoyed hearing Juice sing songs during her concerts that she has never recorded. It is always a treat for the fans and the audience to hear a song from their favorite artist that has never been recorded! One of my favorites is Juice's interpretation of Bruce Springsteen's "My Hometown." She sang it beautifully!

I think that Juice's band is a very important aspect of the success and enjoyment of her live shows. It amazes me that Juice has toured with the same band members for several years. It is a testament to their love of music and their expertise in what they do. Having a strong band is vital to a great live show, and Juice's band has never failed to deliver a great show!

I would also like to say that having a well run and current fan club is very important to fans! Fans like me rely on fan club information to be current and accurate, and Paul Fowler has done an amazing job at maintaining the fan club website. Keep up the great work Paul!

As a fan, I am always anticipating the release of new material. I look forward to hearing Juice's beautiful voice on future recordings."

Shawn Gillogly

Shawn thank you for the wonderful compliment about the JNFC and thank you for loving Juice's talent and the talented guys she performs with.

Juice's All Man Band

You know, it is easy to love Juice but she has one super band! I wanted to feature the band the name of these talented gentlemen is "The Regenerators."

Otha Young- Otha has been part of Juice's career from the very beginning. Otha has written many songs that Juice has recorded along with other artists. Two of Juice's biggest hits Otha has written. Those songs are "The Sweetest Thing (I've Ever Known)" & "What Can I Do With My Heart." Otha sings and plays electric and acoustic guitar.

Jay Cawley- Jay has written songs that are featured in Scholastic Books for children. The songs that are featured are about the environment. Jay sings and plays the bass and acoustic guitar.

Andre Mayeux - Andre has written and arranged songs for recording artists including Juice. He has his own studio. You may visit his site at <http://andremusic.com/index.html>. Andre plays the piano and synthesizer.

Rick Latham- Rick is a professional drummer and he is absolutely awing at it. Rick obviously plays the drums in Juice's band and he to has a website. Rick is sought out by many to play or teach others how to play the drums. Visit his website <http://www.ricklatham.com/>.

These gentlemen have a superb talent and sound and each compliment each other and Juice. Be sure to applaud them when you see Juice in concert.

Santa Clarita Concert

Juice recently performed at the Valley Fair located in the city of Santa Clarita California on 6/29/08. The Valley Fair features many booths ranging from arts and crafts to delicious food. There were many activities including a petting zoo.

The main stage featured many local performers. There was a variety of music and musical talents on stage. Many people were waiting for Juice and this includes JNFC President Paul Fowler.

Juice was very well received and the crowd loved her. A friend of Paul's saw Juice for the first time. His friend is Carl Wagenfuehrer. Carl lives in Washington D.C. but happened to be in Los Angeles that weekend for business. When Carl learned about the Juice Newton concert, he wanted to attend. Carl stated, "Juice certainly has a vast vocal range."

& Juice

JNFC News

The Juice Newton Fan Club has been researching ways to grow with technology.

I recently spoke with ISP Technicians about getting a chatroom for the JNFC complete with logons for members.

Unfortunately, I was informed this isn't available yet for the JNFC's website. But I will keep trying!!

In addition, I have researched vendors for JNFC merchandise. This can be done but what I need to know from all members is would you like to have the option to purchase JNFC Merchandise?

I ask for all JNFC Members feedback so that I will know this is something you all would enjoy.

WELCOME NEW JNFC MEMBERS

Debbie Rozicki

Miguell Angell

Joseph Ackinson

Cindee Sharp

Jason Weatherly

Michael Hutchinson

TOUR SCHEDULE

Jul 30 2008	8:00P	Largo Cultural Center	Largo, Florida
Aug 16 2008	5:00A	Havelock Country Jamboree	Havelock, Ontario

STAY COOL STAY TUNED

That will do it for this round. Be sure to visit Juice on the web for the latest news. This includes added tour dates and events.

This fall we will be promoting Juice's Christmas CD via the JNFC website and a special 10 year anniversary segment from JNM President Paul Fowler. This segment will feature information about the first JNM President, the late Maxine Young.

Send in your comments and or any ideas you may have for the JNM, I would love to hear them!!

All the best,

Paul, Juice and Otha
